# HELIAX® PRODUCT PORTFOLIO EXPANDING—
# ONE CLAMP FOR MULTIPLE SITUATIONS

Single-run hanger

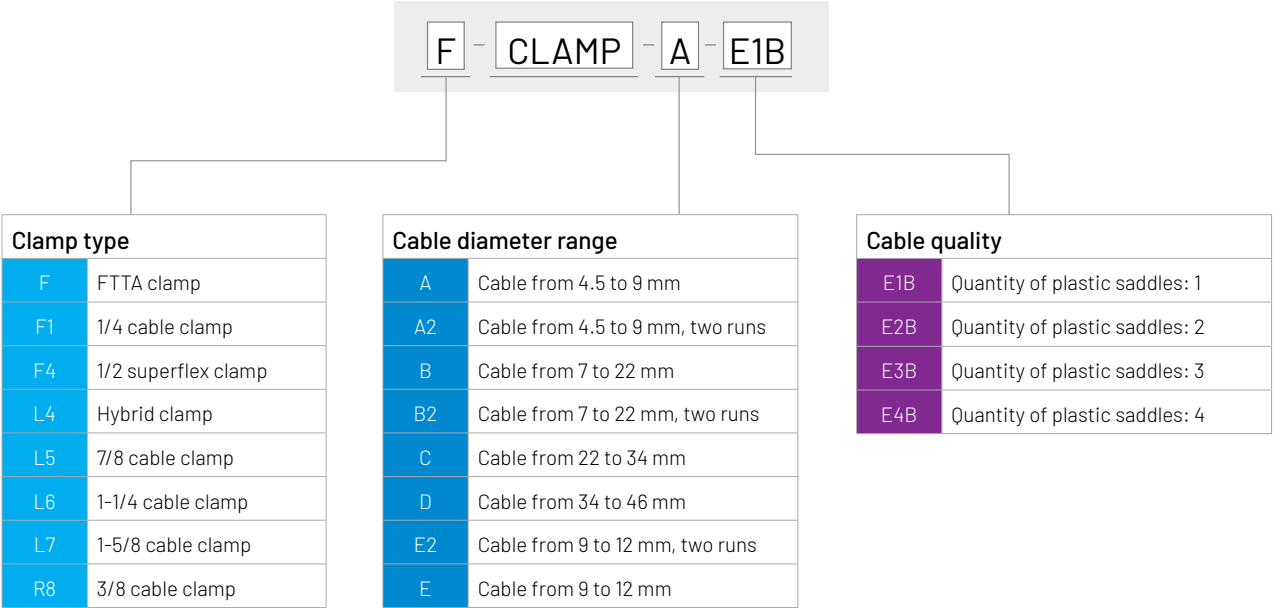

Double-run hanger

Example of hybrid hanger

- Handle all the MPT 2 cores power cable with one version of the clamp.
- Stainless steel 304 bracket and polymeric UV-resistant cards.
- Both one- and two-run polymeric cards to manage from one to six cables each.
- One clamp can ideally manage fiber, power and coax all together.
- Possibility to have variants of the clamps on request.
- Clamps are supplied in box of 100 pieces each.

# HELIAX® CLAMPS NOMENCLATURE

```
F - CLAMP - A - E1B
```

## Clamp type

| | |
|---|---|
| F | FTTA clamp |
| F1 | 1/4 cable clamp |
| F4 | 1/2 superflex clamp |
| L4 | Hybrid clamp |
| L5 | 7/8 cable clamp |
| L6 | 1-1/4 cable clamp |
| L7 | 1-5/8 cable clamp |
| R8 | 3/8 cable clamp |

## Cable diameter range

| | |
|---|---|
| A | Cable from 4.5 to 9 mm |
| A2 | Cable from 4.5 to 9 mm, two runs |
| B | Cable from 7 to 22 mm |
| B2 | Cable from 7 to 22 mm, two runs |
| C | Cable from 22 to 34 mm |
| D | Cable from 34 to 46 mm |
| E2 | Cable from 9 to 12 mm, two runs |
| E | Cable from 9 to 12 mm |

*Blank for coaxial cable clamps, single run
**2 for coaxial cable clamps, two runs
***Multiple letter for hybrid

## Cable quality

| | |
|---|---|
| E1B | Quantity of plastic saddles: 1 |
| E2B | Quantity of plastic saddles: 2 |
| E3B | Quantity of plastic saddles: 3 |
| E4B | Quantity of plastic saddles: 4 |
